

4 - Gang Wall Plate, Satin Brass, One Decorator Opening and Three Gang Openings, 120V/15A, UL Listed

- Configured with one decorator opening and three standard gang openings
 - Satin brass finish with brass body construction
 - Rated for 120V, 15A electrical service
- IP20 environmental rating, classified non-waterproof
 - UL listed for compliance verification
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-4-D-G-G-G is a satin brass 4-gang wall plate configured with one decorator opening and three standard gang openings for residential and light commercial wiring installations. Constructed of brass, it provides a coordinated finish across multi-device outlet, switch, or combination installations rated for 120V and 15A service.

The plate carries an IP20 environmental rating and is classified non-waterproof, suited for standard indoor wall-mounted applications rather than wet or damp locations. It is UL listed and backed by a 1-year warranty.
