

4-Gang Wall Plate, Satin Brass Finish, Decorator, Two Single and USB Openings, 120V/15A

- 4-gang configuration with one decorator, two single, and one USB opening
- Satin brass finish over brass construction for a coordinated metal faceplate
- Rated for 120 V / 15 A electrical circuits
- IP20 rated, suitable for dry indoor environments
- UL listed for verified safety compliance
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-4-D-S-S-U is a satin brass 4-gang wall plate configured with one decorator opening, two single openings and one USB opening. Designed for residential and light commercial installations, it provides a coordinated metal faceplate for multi-device electrical layouts in a standard 4-gang opening.

Constructed from brass with a satin finish, the plate suits applications where a durable metal faceplate is preferred over thermoplastic alternatives. It is rated for 120 V / 15 A circuits and carries an IP20 rating, suitable for dry indoor environments. The plate is UL listed and backed by a 1-year warranty.
