

Satin Brass 4-Gang Decorator Wall Plate, GGGG Configuration, 120V/15A

- Four decorator-style (GGGG) openings for multi-device configurations
- Satin brass finish over solid brass construction
- Rated for 120V/15A electrical service
- IP20 rating for dry indoor environments
- UL listed for compliance assurance
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-4-G-G-G-G is a satin brass 4-gang decorator wall plate configured for four standard decorator-style (GGGG) openings. It provides a finished, professional appearance for multi-device outlet or switch arrangements in residential and light commercial installations.

Constructed from brass with a satin finish, the plate is rated for 120V/15A service and carries an IP20 rating, suitable for dry indoor environments.

The device is UL listed and backed by a 1-year warranty.
