

4-Gang Wall Plate, Satin Brass Finish, 120V 15A, UL Listed

- 4-gang configuration accommodates multiple device openings
 - Rated for 120V, 15A branch circuits
 - Solid brass construction with satin brass finish
- UL listed for U.S. electrical code compliance
 - IP20 rated for non-waterproof, indoor use only
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-4-G-G-S-S is a 4-gang wall plate finished in satin brass, built for residential and light commercial electrical installations that require a coordinated decorative finish across multiple device openings. The plate is rated for 120V, 15A circuits and is constructed of brass for durability in standard indoor wiring applications. It carries a UL listing and a 1-year warranty, and is rated IP20 for non-waterproof, indoor use only.
