

Satin Brass 4-Gang Wall Plate, 120V/15A, UL Listed

- Satin brass finish over solid brass construction
- 4-gang configuration for multi-device faceplate assemblies
- Rated for 120V/15A residential and light commercial circuits
- IP20 environmental rating for non-waterproof indoor use
- UL listed for code-compliant installation
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-4-G-G-S-T is a satin brass 4-gang wall plate designed for multi-device electrical installations in residential and light commercial settings. It consolidates four gang positions into a single cohesive faceplate assembly for switches, receptacles, or other wiring devices.

Constructed from brass with a satin finish, the plate is rated for 120V/15A circuits and carries an IP20 environmental rating, suited for standard indoor, non-waterproof applications.

The device is UL listed and backed by a 1-year warranty.
