

4 - Gang Wall Plate, Satin Brass Finish, Brass Material, 120V/15A, UL Listed

- 4-gang configuration for multiple switch or receptacle openings
- Solid brass construction with satin finish
- Rated 120V/15A for standard residential circuits
- IP20 rated for indoor, non-waterproof use
- UL listed for code-compliant installation
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-4-G-S-S-T is a 4-gang satin brass wall plate configured for a build-your-own combination of standard switches and receptacles. It is suited for installation in residential living spaces, corridors, and common areas where a coordinated metal-finish appearance is specified.

Constructed of solid brass with a satin finish, the plate carries an IP20 rating for indoor, non-waterproof applications and is rated for 120V/15A circuits standard to North American residential wiring.

The device is UL listed and carries a 1-year warranty.
