

4 - Gang Satin Brass Switch Plate, Three Switch Openings and One USB, 120V/15A UL Listed

- Solid brass construction with satin brass finish
- Configured with three switch openings and one USB opening
- Rated 120V at 15A maximum current draw
- IP20 rated for non-waterproof interior use
- UL listed for code-compliant installation
- Backed by a 1-year warranty

OVERVIEW

This 4-gang wall plate is built from solid brass with a satin finish and configured with three switch openings and one USB opening, suited for residential and light commercial interiors requiring a coordinated multi-device layout. It mounts over standard wiring devices at 120V/15A for typical branch circuit switch and USB combinations. The plate is UL listed and carries a 1-year warranty.
