

Satin Brass 4-Gang Wall Plate with Switch, Toggle and Dual USB Openings, 120V/15A, UL Listed

- 4-gang satin brass faceplate with switch, toggle and dual USB openings
 - Rated for 120V/15A branch circuits
 - Solid brass construction with satin finish
- IP20 rated, non-waterproof, for dry interior use only
 - UL listed
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-4-S-T-U-U is a satin brass 4-gang wall plate assembly for build-your-own device configurations in residential and light commercial wiring. The plate combines a switch opening, a toggle opening and two USB openings within a single coordinated brass faceplate.

The assembly is rated for 120V/15A circuits and constructed of brass with a satin finish for a consistent appearance across multi-device installations. It carries an IP20 rating and is classified as non-waterproof, suitable for dry interior locations only.

The device is UL listed and backed by a 1-year warranty.
