

Satin Brass 5-Gang Wall Plate, Four Decorator Openings and One Toggle, 120V UL Listed

- Five-gang configuration with four decorator openings and one toggle opening
- Constructed from solid brass with a satin finish
- Rated for 120 V, 15 A electrical service
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-5-D-D-D-D-T is a satin brass 5-gang wall plate configured with four decorator-style openings and one toggle opening. It is suited for residential and light commercial installations where decorator devices and a standard toggle switch are combined in a single gang location.

The plate is constructed from brass with a satin finish rated for 120 V, 15 A service, providing a durable cover for matching metallic hardware environments.

The product is UL listed and carries a 1-year warranty.
