

5 - Gang Wall Plate, Satin Brass, Three Decorator Openings, Grounding and USB, 120V/15A, UL Listed

- Five-gang configuration with three decorator openings, one grounding opening and one USB opening
- Satin brass finish over brass construction
- Rated 120 V / 15 A for standard residential circuits
- IP20 environmental rating for indoor dry locations
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-5-D-D-D-G-U is a satin brass 5-gang combination wall plate configured with three decorator openings, one grounding outlet opening and one USB opening. It is intended for residential wiring applications where multiple device types are combined at a single installation point, such as living spaces, hallways or common areas.

Constructed from brass with a satin finish, the plate is rated for 120 V / 15 A circuits and carries an IP20 environmental rating, suitable for standard indoor dry locations. It is classified as non-waterproof.

The wall plate is UL listed and backed by a 1-year warranty.
