

5 - Gang Wall Plate, Three Duplex Receptacles, Switch and Toggle Openings, 120V/15A, Satin Brass

- Five-gang configuration with three duplex receptacle openings, one switch, and one toggle
- Constructed from solid brass with a satin brass finish
- Rated for 120 V / 15 A electrical service
- IP20 environmental rating for indoor dry-location use
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-5-D-D-D-S-T is a satin brass 5-gang wall plate configured with three duplex receptacle openings, one switch opening, and one toggle switch opening. It is intended for residential supply applications where a custom multi-device configuration is required in a single gang assembly.

Constructed from brass with a satin finish, the plate is rated for 120 V / 15 A service and carries an IP20 environmental rating, suitable for standard indoor dry locations. It is classified Non-Waterproof and is not intended for wet or outdoor installations.

The assembly is UL listed and backed by a 1-year warranty.
