

5-Gang Satin Brass Wall Plate, Two Duplex and Three Single Openings, 120V/15A

- 5-gang configuration with two duplex openings and three single-device openings
- Constructed from solid brass with a satin finish
- Rated for 120 V, 15 A electrical service
- IP20 environmental rating for dry indoor installations
- UL listed for code-compliant installations
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-5-D-D-S-S-S is a 5-gang satin brass wall plate configured with two duplex openings and three single-device openings. It is intended for residential wiring applications requiring a mixed layout of duplex receptacles and single-device controls within one gang assembly.

Constructed from brass with a satin finish, the plate is rated for 120 V / 15 A service and carries an IP20 environmental rating, suitable for dry indoor installations.

The device is UL listed and backed by a 1-year warranty.
