

5 - Gang Wall Plate, Two Duplex, Two Single Openings, One USB, Satin Brass, 15A 120V

- Configured with two duplex, two single, and one USB opening
- Satin brass finish over brass construction
- Rated 120 V at 15 A for standard residential circuits
- IP20 rated, non-waterproof, for indoor dry-location use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-5-D-D-S-S-U is a 5-gang wall plate assembly configured with two duplex openings, two single openings, and one USB opening, finished in satin brass. It is built for residential electrical supply installations requiring multiple receptacle types coordinated within a single gang plate.

The assembly is constructed of brass and rated for 120 V service at 15 A. It carries an IP20 environmental rating and is classified non-waterproof, suited to indoor dry-location use.

The device is UL listed and carries a 1-year warranty.
