

5 - Gang Wiring Device Plate, Satin Brass Finish, Two Duplex, One Single, Two Unloaded, 120V 15A

- Five-gang plate with two duplex, one single, and two unloaded openings
- Satin brass finish over brass construction
- Rated for 120 V, 15 A residential circuits
- IP20 rated for dry indoor locations
- UL listed
- 1-year warranty

OVERVIEW

The C-VTG-SB-5-D-D-S-U-U is a satin brass 5-gang wiring device plate built for custom residential supply configurations. Its layout includes two duplex openings, one single opening, and two unloaded openings, allowing contractors to assemble a device combination to match a specific circuit layout.

Constructed from brass with a satin finish, the plate is rated for 120 V, 15 A residential wiring applications and carries an IP20 rating, indicating suitability for dry indoor locations rather than wet or damp environments.

The device is UL listed and backed by a 1-year warranty.
