

Satin Brass 5 - Gang Decorator Wall Plate, 120V/15A, UL Listed

- Solid brass construction with satin brass finish
 - 5-gang decorator-style configuration for multiple openings
 - Rated for 120V and 15A electrical circuits
- IP20 environmental rating for indoor, non-waterproof installations
 - UL listed for code-compliant installations
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-5-D-G-S-S-S is a satin brass 5-gang decorator-style wall plate designed for residential and light commercial wiring applications. It is part of a configurable build-your-own series, allowing contractors and electricians to specify gang count and finish to match project requirements.

The plate is rated for 120V and 15A circuits with an IP20 environmental rating for indoor, non-waterproof use. Construction is solid brass with a satin brass finish for corrosion resistance and a uniform decorative appearance.

The device is UL listed and carries a 1-year warranty.

SPECIFICATIONS
