

5 - Gang Wall Plate, Satin Brass Finish, Decorator, GFCI, Toggle and USB Openings, 120V/15A

- 5-gang configuration with decorator, GFCI, dual toggle and USB openings
- Satin brass finish over brass base material
- Rated for 120V circuits at 15A
- IP20 environmental rating for non-waterproof interior use
- UL listed construction
- 1 year manufacturer warranty

OVERVIEW

The C-VTG-SB-5-D-G-T-T-U is a satin brass 5-gang wall plate configured for one decorator opening, one GFCI opening, two toggle switch openings and one USB opening, allowing multiple device types to be combined under a single coordinated cover.

Constructed from brass with a satin finish, the plate carries an IP20 environmental rating for non-waterproof, standard dry interior use. It is rated for 120V/15A circuits consistent with residential wiring devices, and the assembled components carry a 50,000 hour LED lifetime rating.

The unit is UL listed and backed by a 1 year warranty.
