

Satin Brass 5 - Gang Wall Plate, One Decorator, Three Standard, One USB Opening, 120V/15A, UL Listed

- Five-gang configuration with one decorator, three standard and one USB opening
- Solid brass construction with satin brass finish
- Rated for 120V, 15A residential electrical service
- IP20 rated, non-waterproof environmental classification
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-5-D-S-S-S-U is a satin brass 5-gang wall plate configured with one decorator opening, three standard openings and one USB opening, built for grouped switch, outlet and control installations. It is suited for residential supply applications where a coordinated, durable finish is required across multi-device layouts.

Constructed from brass with a satin finish, the plate is rated for 120V/15A service and carries an IP20, non-waterproof environmental rating suited for interior use. It is UL listed and backed by a 1-year warranty.
