

5 - Gang Wall Plate, Satin Brass, One Decorator and Four Toggle Openings, 120V 15A UL Listed

- Satin brass finish for coordinated hardware appearance
 - Brass construction throughout the plate body
 - IP20 rated for non - waterproof interior locations
- UL listed for compliance with electrical wiring standards
 - Rated for 120V, 15A branch circuit applications
 - Backed by a 1 - year manufacturer warranty

OVERVIEW

The C-VTG-SB-5-D-S-T-T-T is a satin brass 5-gang wall plate combining one decorator opening with four toggle switch openings. It is intended for commercial and residential finish-out work where multiple control devices are grouped at a single wall location, providing a unified cover for mixed device configurations.

The plate is constructed from brass with a satin finish and carries an IP20 rating for non - waterproof interior installations. It is compatible with standard 120V, 15A branch circuit wiring.

The product is UL listed and backed by a 1 - year manufacturer warranty.
