

Satin Brass 5 - Gang Wall Plate, Decorator, Switch, Toggle and Dual USB Openings, 120V/15A, UL Listed

- Satin brass finish for upscale interior installations
- Solid brass construction for durability
- Rated 120V/15A for standard residential circuits
- IP20 rated, non - waterproof, for indoor use only
- UL Listed for code - compliant installation
- Backed by a 1 - year manufacturer warranty

OVERVIEW

The C-VTG-SB-5-D-S-T-U-U is a satin brass 5-gang wall plate configured with one decorator opening, one switch opening, one toggle opening, and two USB openings, designed for residential and light commercial wiring applications requiring multiple device types in a single assembly. The satin brass finish provides a refined, low - sheen appearance suited to upscale interior installations.

Constructed from brass, the plate is rated for indoor use at 120V/15A and carries an IP20 rating, indicating protection against solid objects greater than 12mm with no specific moisture resistance, appropriate for standard interior environments classified as non - waterproof.

The device is UL Listed and backed by a 1 - year warranty.
