

Satin Brass 5-Gang Wall Plate, One Decorator and Four Toggle Openings, UL Listed, 120V/15A

- Five-gang wall plate with one decorator opening and four toggle openings
- Constructed from solid brass with a satin brass finish
- Rated for 120V, 15A residential and light commercial circuits
- IP20 rated for non-waterproof indoor installations
- UL listed device
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-5-D-T-T-T-T is a satin brass 5-gang wall plate configured with one decorator (Decora-style) opening and four toggle switch openings, suited for residential supply and light commercial device installations requiring a mixed-device layout in a single gang assembly.

The plate is constructed from solid brass with a satin brass finish and is rated for 120V, 15A circuits with an IP20 environmental rating for non-waterproof indoor applications.

The device is UL listed and carries a 1-year warranty.
