

5 - Gang Wall Plate, Satin Brass Finish, Three Decorator Openings, One Switch and One USB, 120V/15A, UL Listed

- 5 - gang configuration with three decorator, one switch and one USB opening
- Brass construction with satin brass finish
- Rated for 120V, 15A branch circuit applications
- IP20 rated for indoor, non - waterproof installations
- UL listed for compliance verification
- Backed by a 1 - year warranty

OVERVIEW

The C-VTG-SB-5-G-G-G-S-U is a 5 - gang wall plate finished in satin brass, configured with three decorator openings, one switch opening and one USB opening for combined device installations in a single assembly. The satin brass finish suits commercial and upscale residential projects requiring a consistent hardware aesthetic.

Constructed from brass, this wall plate is rated for indoor use at 120V/15A with an IP20 rating, suitable for standard North American branch circuit applications in dry, non - waterproof locations.

The device is UL listed and carries a 1 - year warranty.
