

Satin Brass 5-Gang Wall Plate, Three Duplex and Two Toggle Openings, 120V 15A

- Five-gang wall plate with three duplex and two toggle openings
- Satin brass finish over solid brass construction
- Rated for 120V, 15A electrical circuits
- IP20 rating for indoor dry-location use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SB-5-G-G-G-T-T is a satin brass 5-gang combination wall plate configured with three duplex receptacle openings and two toggle switch openings. It suits commercial and residential wiring installations where a unified, finished appearance is required across mixed device types.

Constructed from brass with a satin finish, the plate is rated for 120V, 15A circuits and carries an IP20 rating, suitable for standard indoor dry-location installations.

The device is UL listed and backed by a 1-year warranty.
