

5 - Gang Wall Plate, Satin Brass, UL Listed, 120V/15A, Four USB Openings

- Satin brass finish over solid brass construction
 - 5 - gang configuration with four USB openings
 - Rated for 120V circuits at 15A current draw
- IP20 rated for non - waterproof, indoor applications
 - UL listed for code - compliant installation
 - Backed by a 1 - year manufacturer warranty

OVERVIEW

The C-VTG-SB-5-G-U-U-U-U is a satin brass 5 - gang wall plate built for multi - device installations in commercial and residential wiring. The configurable format combines one standard gang opening with four USB openings, allowing a single plate to serve mixed - device layouts where switches, receptacles and USB charging ports are grouped together.

Constructed from brass with a satin finish, the plate is rated for 120V/15A circuits and carries an IP20 environmental rating for standard indoor, non - waterproof use.

The product is UL listed and backed by a 1 - year warranty.
