

5-Gang Wall Plate, Satin Brass, Three Single and Two USB Openings, 120V/15A

- Five-gang configuration with three single openings and two USB openings
- Solid brass construction with satin brass finish
- Rated 120 V at 15 A for standard residential circuits
- IP20 rated for non-waterproof, indoor environments
- UL listed for code-compliant installation
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-5-S-S-S-U-U is a 5-gang wall plate finished in satin brass, configured with three single-device openings and two USB openings. It suits residential supply installations where a coordinated multi-gang plate is needed to combine standard switch or receptacle positions with USB charging ports.

The plate is rated for 120 V service at 15 A and carries an IP20 environmental rating for non-waterproof, indoor use. Construction is solid brass with a satin brass finish for a uniform appearance across gang positions.

The device is UL listed and backed by a 1-year warranty.
