

Satin Brass 5-Gang Wall Plate with Toggle Switch and Three USB Openings, UL Listed, 120V/15A

- Satin brass finish over solid brass construction
- Configured with one toggle switch and three USB openings
- Rated for 120V operation at 15A current draw
- IP20 rated for non-waterproof, indoor installations
- UL listed for compliance with electrical safety standards
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-5-S-T-U-U-U is a satin brass 5-gang wall plate configured with one standard opening, one toggle switch opening, and three USB openings, intended for multi-device residential and light commercial installations. The brass construction and satin finish provide a durable, decorative faceplate suited to upscale wiring applications.

The plate is rated for 120V, 15A service and carries an IP20 environmental rating for non-waterproof, indoor use. It is UL listed and backed by a 1-year warranty.
