

Satin Brass 5-Gang Wall Plate, Two Toggle Switches and Three USB Openings, 120V/15A

- Five-gang configuration with two toggle openings and three USB openings
- Satin brass finish over solid brass construction
- Rated for 120 V service at 15 A
- IP20 environmental rating for dry indoor use
- UL listed
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-SB-5-T-T-U-U-U is a satin brass 5-gang wall plate configured with two toggle switch openings and three USB openings. It functions as a build-your-own wiring device assembly for residential supply installations requiring combined switching and USB charging positions within a single gang plate.

Constructed from brass with a satin finish, the device is rated for 120 V service at 15 A and carries an IP20 environmental rating, indicating suitability for dry, non-waterproof indoor locations.

The device is UL listed and backed by a 1-year warranty.
