

Vintage Brass Single Outlet, 120V AC 15A, IP20, UL Listed

OVERVIEW

The C-VTG-SO-BG is a single outlet in a vintage brass finish, designed for residential and light commercial installations where a period-appropriate aesthetic is required. It operates at 120V AC with a 15A load rating and is suited for standard in-wall outlet applications.

The outlet features a brass faceplate with an IP20 environmental rating, making it appropriate for dry indoor locations. Rated for 50,000 hours of service life, it carries a 1-year manufacturer warranty.

This outlet is UL Listed and intended for non-waterproof environments only. Verify local code compliance before installation.
