

Single - Gang Stripped Brass Residence Supply Connector, 120V 15A, UL Listed

- Single-gang configuration for build-your-own supply assemblies
- Brass construction with stripped brass finish
- Rated for 120V operating voltage at 15A current draw
- IP20 environmental rating for dry indoor use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SS-1-S is a single-gang stripped brass residence supply connector designed for use in custom-configured wiring assemblies. It is intended for commercial and residential electrical supply applications where a bare-end brass connector is required as part of a build-your-own supply configuration.

Constructed from brass with a stripped brass finish, this connector is rated for 120V at 15A and carries an IP20 environmental rating, suitable for dry indoor installations.

The connector is UL listed and backed by a 1-year warranty.
