OVERVIEW

The C-VTG-SS-1-T is a single-gang stripped brass residence supply outlet designed for use in commercial and residential electrical installations. It is intended for contractors and electricians requiring a configurable outlet component as part of a build-your-own supply assembly.

Constructed from brass, this outlet is rated for standard 120V/15A service and carries an IP20 rating, suitable for dry indoor environments.

The unit is UL listed and backed by a 1-year warranty.
