

Stripped Brass 2 - Gang Duplex Outlet Cover Plate, 120V/15A, UL Listed

- Stripped brass finish for field finishing or custom patina
- Solid brass material construction
- Rated for 120V, 15A duplex outlet service
- IP20 rated for indoor dry-location use
- Non-waterproof environmental rating
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-SS-2-D-U is a stripped brass 2-gang duplex outlet cover plate designed for residential supply applications. The unfinished brass construction allows for field finishing or custom patina work, making it suitable for renovation and specification projects where a tailored aesthetic is required.

Rated for 120V/15A service and carrying an IP20 designation, this cover plate is intended for standard indoor dry-location installations. The brass material provides durability appropriate for commercial residential buildouts and contractor-grade supply configurations.

The cover plate is UL listed and carries a 1-year warranty.
