

2 - Gang Residence Supply Outlet, Stripped Brass Finish, 120V 15A, UL Listed

- Stripped brass finish for vintage-style installations
 - Solid brass body construction
 - Rated for 120V AC service at 15A
- IP20 ingress protection, non-waterproof rating
 - UL listed for North American electrical code compliance
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-2-U-U is a stripped brass 2-gang residence supply outlet designed for use in commercial and residential electrical installations. It is intended for contractors and electricians who require a configurable outlet solution built to standard U.S. duplex receptacle configurations.

Constructed from brass, this outlet is suited for standard indoor dry-location applications. It is rated for 120V AC service at 15A, consistent with typical branch circuit wiring in North American construction, and carries an IP20 ingress protection rating for non-waterproof indoor use.

The unit is UL listed and backed by a 1-year warranty.
