

Stripped Brass 3-Gang Wall Plate, Two Decorator and One Switch Opening, 120V 15A, UL Listed

- Stripped brass finish over solid brass construction
- Configured with two decorator openings and one switch opening
- Rated for 120V operation at 15A current draw
- IP20 rated for dry indoor, non-waterproof environments
- UL listed for code-compliant installation
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-3-D-D-S is a stripped brass 3-gang wall plate configured with two decorator openings and one switch opening, intended for build-your-own residence supply installations. It allows contractors and electricians to assemble custom supply points to match project specifications.

Constructed from brass with a stripped brass finish, the plate is rated for 120V at 15A and carries an IP20 rating with a Non-Waterproof environmental rating, suitable for dry indoor environments.

The assembly is UL listed and backed by a 1-year warranty.
