

3-Gang Stripped Brass Residence Supply Outlet Cover, 120V 15A

- Stripped brass finish over solid brass construction
- 3-gang configuration for multiple outlet arrangements
- Rated 120V at 15A current draw
- IP20 rated for non-waterproof, indoor use
- UL listed for verified safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-3-G-G-S is a 3-gang stripped brass residence supply outlet cover designed for commercial and residential electrical installations. Configured in a build-your-own format, it is suited for contractors and property managers requiring a durable, metal-finish cover plate for standard outlet arrangements.

The cover is rated for 120V operation with a 15A current draw and carries an IP20 environmental rating, indicating suitability for indoor, non-waterproof applications. The brass construction provides a stripped-finish aesthetic for exposed installations.

The product is UL listed and backed by a 1-year warranty.
