

3 - Gang Stripped Brass Residence Supply Outlet, 120V 15A, UL Listed

- 3-gang configuration for custom wiring assemblies
- Stripped brass finish and brass material construction
- Rated 120V at 15A for residential supply circuits
- IP20 rated for indoor dry-location use
- Non-waterproof environmental rating
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-SS-3-G-S-T is a 3-gang stripped brass residence supply outlet designed for custom wiring configurations in residential electrical installations. The stripped brass finish suits contractor-built assemblies where final finish connections are completed in the field.

The outlet is rated 120V at 15A and constructed of brass, suitable for standard residential supply applications. The IP20 rating indicates protection against solid objects greater than 12mm, appropriate for indoor dry-location use, and the unit is non-waterproof.

The outlet is UL listed and carries a 1-year warranty.

SPECIFICATIONS

OPTICAL
