

3 - Gang Stripped Brass Wall Plate, One Gang Opening and Two USB, 120V 15A, UL Listed

- Stripped brass finish for a vintage hardware appearance
 - Solid brass material construction throughout the plate
 - Rated for 120V operation at 15A current draw
- IP20 rated, non - waterproof, for indoor use only
 - UL listed for electrical safety compliance
 - Backed by a 1 - year manufacturer warranty

OVERVIEW

The C-VTG-SS-3-G-U-U is a 3 - gang stripped brass wall plate configured with one standard gang opening and two USB openings, designed for custom wiring assemblies in residential electrical installations. The stripped brass construction provides a durable, conductive base suitable for contractor - specified build - your - own supply plates.

The plate is rated for 120V service at 15A and carries an IP20, non - waterproof environmental rating for indoor use. Solid brass material construction supports long - term mechanical durability in vintage - style installations.

The unit is UL listed and backed by a 1 - year warranty.
