

3-Gang Stripped Brass Residential Supply Plate, 120V 15A, UL Listed

- 3-gang configuration in stripped brass finish
 - Brass construction throughout
 - Rated for 120V operation at 15A maximum current
- IP20 rated for dry indoor use
 - Non-Waterproof environmental rating
 - UL listed with 1-year warranty

OVERVIEW

The C-VTG-SS-3-S-T-T is a 3-gang stripped brass residential supply plate designed for custom wiring assemblies and build-your-own supply configurations. It suits standard residential electrical installations where a multi-gang brass plate assembly is required.

The unit is rated for 120V input at 15A maximum current and is constructed of brass with a stripped brass finish. It carries an IP20 rating and a Non-Waterproof environmental rating, suitable for dry indoor environments.

The product is UL listed and backed by a 1-year warranty.
