

3 - Gang Stripped Brass Residential Supply Outlet Plate, 120V/15A, UL Listed

- Stripped brass finish suited to vintage-style residential switch plates
- Constructed from solid brass material for durability
- Rated 120V/15A for standard residential electrical circuits
- IP20, non-waterproof rating for indoor installations
- UL listed for electrical safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-3-S-T-U is a 3-gang stripped brass residential supply outlet plate designed for build-your-own supply configurations. It is intended for standard residential electrical installations where a durable brass finish and multi-gang layout are required.

The plate is rated 120V at 15A for standard residential circuit loads and carries an IP20 rating for non-waterproof, indoor use. It is constructed from brass with a stripped brass finish.

The product is UL listed and backed by a 1-year warranty.
