OVERVIEW

The C-VTG-SS-3-S-U-U is a 3-gang stripped brass voltage plate designed for residential supply applications. It is intended for use in standard wall plate installations where a bare brass finish and multi-gang configuration are required by the contractor or specification.

The plate is rated for 120V operation and 15A current draw, with an IP20 environmental rating suited to indoor, non-waterproof locations. Brass construction provides a durable base for the stripped finish.

The assembly is UL Listed and carries a 1-year warranty.
