

Stripped Brass 3 - Gang Residential Supply Outlet, 120V 15A TTU

- Brass construction with a stripped brass finish
- Rated 120V at 15A for residential electrical loads
- IP20 rated for dry indoor use
- Non-waterproof environmental rating
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SS-3-T-T-U is a stripped brass 3-gang residential supply outlet configured for TTU wiring applications. It is intended for use in build-your-own outlet assemblies where contractors or electricians supply and terminate their own components, offering flexibility in residential wiring projects.

Constructed from brass, this outlet body is rated for 120V at 15A and carries an IP20 rating, suitable for dry indoor environments. The stripped configuration allows for field customization without pre-installed devices, making it a practical choice for custom residential electrical installations.

The unit is UL listed and backed by a 1-year warranty.

SPECIFICATIONS
