

3-Gang Stripped Brass Wall Plate, UUU Configuration, 120V 15A, UL Listed

- Brass construction with stripped finish
- 3-gang plate with UUU configuration for custom device placement
- Rated for 120V at 15A
- IP20 rated for dry indoor use only
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-SS-3-U-U-U is a 3-gang stripped brass wall plate for build-your-own residential supply assemblies. The UUU configuration provides three open positions for contractors to populate with devices of their choosing, supporting flexible outlet or switch placement in residential electrical installations.

Constructed from brass with a stripped finish, the plate is rated for 120V at 15A and carries an IP20 rating, indicating suitability for dry indoor environments only.

The product is UL listed and backed by a 1-year warranty.
