

4-Gang Stripped Brass Wall Plate, Three Decorator Openings and One Toggle, UL Listed

- Stripped brass finish over solid brass construction
- Configured for three decorator openings and one toggle switch
- Rated IP20, classified Non-Waterproof for indoor use
- Supports 120 V operation with 15 A current draw
- UL Listed for verified electrical safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-4-D-D-D-T is a 4-gang stripped brass outlet plate configured for three decorator openings and one toggle switch, built for residential supply applications where a custom multi-device wall plate is required. The stripped brass finish and brass construction provide a durable base for standard multi-gang wall box assemblies.

The plate is rated IP20 and classified Non-Waterproof, intended for indoor use at 120 V with a 15 A current rating. It carries a 1-year warranty and UL Listed certification.
