

4 - Gang Stripped Brass Duplex/GFCI Wall Plate, 120V 15A, UL Listed

- Stripped brass finish for a vintage hardware look
- Solid brass construction for durability
- Rated for 120V, 15A electrical service
- IP20 rated, non-waterproof, for dry indoor locations
- UL listed for code-compliant installations
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-4-D-D-G-U is a 4-gang stripped brass wall plate designed for residential supply applications. Configured for duplex and GFCI outlet combinations, it is suited for commercial and residential electrical installations where a multi-gang brass finish plate is required.

Constructed from brass, this wall plate is rated for 120V, 15A service and carries an IP20 rating, making it appropriate for standard indoor dry-location installations.

The plate is UL listed and backed by a 1-year warranty.
