

4-Gang Wall Plate, Two Duplex and Two Switch Openings, Stripped Brass, 120V 15A UL Listed

- Solid brass construction with a stripped brass finish
- 4-gang configuration with two duplex and two switch openings
- Rated for 120V service at up to 15A
- IP20 environmental rating for non-waterproof indoor use
- UL listed
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-4-D-D-S-S is a 4-gang wall plate finished in stripped brass, configured with two duplex receptacle openings and two switch openings. It is intended for residential and light commercial electrical installations where a classic metal finish is specified.

The plate is rated for 120V service at 15A and carries an IP20 environmental rating, classifying it as non-waterproof for indoor dry-location use. Brass construction provides a durable, decorative finish suited to multi-device wall configurations.

The product is UL listed and carries a 1-year warranty.
