

4-Gang Stripped Brass Wall Plate with Two Duplex Openings, One Toggle, and One USB

- 4-gang configuration with two duplex, one toggle, and one USB opening
- Stripped brass finish over solid brass construction
- Rated for 120 V operating voltage with 15 A current draw
- IP20 rated for non-waterproof, dry indoor environments
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-4-D-D-T-U is a 4-gang stripped brass wall plate configured with two duplex openings, one toggle opening, and one USB opening, intended for residential supply applications where a custom device combination is required at a single wall location. The stripped brass finish and brass body construction provide a durable, professional-grade appearance suited to standard residential installations. Electrically, the plate is rated for 120 V operation with a 15 A current draw and carries an IP20, non-waterproof environmental rating, limiting use to dry indoor locations. The assembly is UL listed and backed by a 1-year warranty.
