

4 - Gang Brass Residence Supply Outlet, Stripped Brass Finish, 120V/15A, UL Listed

- Solid brass construction with stripped brass finish
- Rated for 120V at 15A service
- IP20 environmental rating for dry indoor use
- 4-gang configuration for multi-point supply distribution
- UL listed for compliance verification
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-4-D-G-G-G is a 4-gang residence supply outlet built from solid brass with a stripped brass finish, intended for commercial and residential electrical distribution points. This build-your-own configuration suits contractors and electricians who need a durable, multi-gang supply solution for standard indoor installations.

The unit is rated for 120V/15A service with an IP20 environmental rating, classifying it as non-waterproof and appropriate for dry indoor locations. Brass construction supports long-term mechanical durability at the rated electrical load.

The outlet is UL listed and backed by a 1-year warranty.
