

4 - Gang Stripped Brass Outlet Plate, Duplex GFCI/GFCI Tamper - Resistant, 120V 15A, IP20

- Constructed from brass with a stripped brass finish
- Rated 120V at 15A for standard residential circuits
- IP20 rated for dry indoor, non - waterproof locations
- UL listed for verified safety compliance
- Backed by a 1 - year manufacturer warranty

OVERVIEW

The C-VTG-SS-4-D-G-G-T is a 4-gang stripped brass residence supply outlet assembly configured in a Duplex GFCI/GFCI tamper-resistant arrangement. It is built for commercial and residential electrical installations requiring a multi-gang brass outlet configuration, and is offered as a build-to-order assembly for contractors and electrical professionals.

The assembly is rated for 120V operation at 15A and constructed from brass for mechanical durability. It carries an IP20 rating, indicating suitability for dry indoor locations rather than wet or damp environments.

The unit is UL listed and backed by a 1-year warranty.
