- Rated for 120V, 15A residential electrical service
- IP20 environmental rating suited to dry indoor locations
- UL Listed for verified electrical compliance
- Backed by a 1 - year manufacturer warranty

OVERVIEW

The C-VTG-SS-4-D-G-G-U is a 4-gang brass wall plate configured with one duplex opening, two GFCI openings, and one USB opening. It is designed for residential supply applications where a multi-outlet metal cover plate is required in a single wall assembly.

Constructed from stripped brass, the plate offers a traditional metal finish with the structural durability needed for commercial and residential wiring installations. It is rated for 120V, 15A service and carries an IP20 environmental rating, indicating suitability for dry indoor locations only.

The plate is UL Listed and backed by a 1-year warranty.
