

4-Gang Brass Wall Plate with Duplex, GFCI and Two Switch Openings, UL Listed

- Brass construction with stripped finish for on-site customization
- Configured for one duplex, one GFCI and two switch openings
- Rated for 120 V circuits at 15 A
- IP20 environmental rating for dry interior use
- UL listed
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-4-D-G-S-S is a 4-gang brass wall plate configured with one duplex opening, one GFCI opening and two switch openings, intended for residential supply applications requiring a custom multi-device arrangement in a single rough-in location. The stripped brass finish is left unfinished for on-site painting or patina work to match surrounding surfaces.

The plate is rated for 120 V circuits at 15 A and carries an IP20, non-waterproof environmental rating, suiting dry interior locations only. It is UL listed and backed by a 1-year warranty.
