

4 - Gang Stripped Brass Switch Plate, Dual Switch and Single Toggle, 120V/15A, UL Listed

- Brass construction with a stripped finish for a raw metal appearance
- 4-gang configuration with dual switch and single toggle openings
- Rated for 120 V service at 15 A current draw
- IP20 rated for dry indoor installation only
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-SS-4-D-S-S-T is a 4-gang stripped brass wall plate configured for dual switch and single toggle device openings. It is intended for residential and commercial wiring installations where multiple switching functions are combined in a single gang assembly.

The plate is constructed from brass with a stripped finish and is rated for 120 V service at 15 A. It carries an IP20 rating and a Non-Waterproof environmental rating, indicating suitability for dry indoor locations only.

The product is UL listed and backed by a 1-year warranty.
