

4 - Gang Wall Plate, Stripped Brass Finish, One Duplex and Three Toggle Openings, 120V 15A

- Brass construction with stripped brass finish
- 4 - gang configuration with one duplex and three toggle openings
- Rated for 120V service at 15A current draw
- IP20 rated for dry indoor, non - waterproof environments
- UL listed for compliance verification
- Backed by a 1 - year warranty

OVERVIEW

The C-VTG-SS-4-D-T-T-T is a 4 - gang combination wall plate finished in stripped brass, configured with one duplex opening and three toggle openings (DTTT). Designed for residential supply applications, it accommodates mixed device configurations in a single multi - gang assembly, suitable for standard electrical boxes in commercial and residential installations. Constructed from brass, the plate is rated for 120V/15A service and carries an IP20 rating, indicating suitability for dry indoor environments. The assembly is UL listed and backed by a 1 - year warranty.
